JANUARY 2023

We joined thousands at the **Texas Rally for Life**, hosted by our strategic partner, Texas Alliance for Life.

The first Texas Rally for Life Post Roe!

ONE YEAR OF OUR LIFE-SAVING RENT ASSISTANCE PROGRAM

- Since 2022, we have **helped 40 families in need of rent assistance.**
- **28 of these families no longer require support** and are on the path to financial sustainability.
- The average client requires assistance for 3 months.

For only **\$2,500**, you can **keep a mother in her home- empowering her to choose life!**

CLIENT SPOTLIGHT

Sheila's* main reason for seeking an abortion was her housing dilemma. When she saw her baby's heartbeat at her first ultrasound, she learned that JP II's new Rent Assistance Program could help her get back on her feet. Sheila* courageously chose life for her son. She and her baby's Dad said, "We never felt so loved; why would people that don't know us love us?" This small act of empathy and generosity saved their baby and transformed their lives. They are now self-sufficient, and their little boy is thriving!

MAY 2023

Through the generosity of the **Knights of Columbus**, we added an additional sonogram machine to meet the growing demand.

This gift enabled us to perform **340 sonograms** for abortion-minded women.

98.9% of these women chose life!
