

A New Home, A New Horizon

2024

A PLACE TO GROW, A PLACE TO SERVE

A LETTER FROM THE CEO

With each passing year, I find myself cherishing more deeply the things that truly matter—this year, more than ever.

Too often, we overlook the profound impact of a helping hand, a listening ear, or even the smallest act of kindness. Yet, these simple gestures have the power to transform lives. The miracle of each newborn baby is a testament to this. At the JPII Life Center and Vitae Clinic, we witness this daily.

Because of your generosity, 2024 has been a year of remarkable growth and progress. Your support has allowed us to expand our reach, providing life-affirming education and care to countless mothers, babies, students, and families. Lives have been forever changed because of you!

As we look toward 2025, we see a year filled with boundless opportunities to honor and uplift the dignity of every human person. Together, we are building a Community that Cares and nurturing a new generation that values life.

Linda Ruf
Chief Executive Officer
JPII Life Center and Vitae Clinic

“
No one in America is doing
more today to build a culture of
life than the JPII Life Center.”

—Kevin Roberts,
President-Heritage Foundation

of JPII moms choose life!

2024

“We should never, ever retreat on protecting innocent life in the womb.”

—Lt. Governor Dan Patrick

Our new building is more than just a space—it's a hub for connection, growth, and shared purpose. With over **50 community gatherings** already hosted, we've created a welcoming place for **education events, pro-life organization meetings, service projects, and volunteer activities!** Together, we are building a stronger, more united community dedicated to the pro-life mission. **And we're just getting started!**

We're actively reaching out into the community, **offering our programs and services, and supporting life-affirming education and care to the community and beyond.**

We welcome the opportunity to schedule a tour or host your next event at our center.

Together, we're building a community that truly cares!

The Future Begins with **YOU**

A LIFE-SAVING ENCOUNTER

"I saw a client today that touched my heart so much. Her name is Molly*, and she is a mother of a 14-month-old little girl and has just found out she is **8 weeks pregnant**. She has **no family support**, and the baby's dad is incarcerated.

Her gas has been cut off for a past due amount owed, and she also has a past due balance on her apartment lease.

Molly received her eviction notice today and is feeling very overwhelmed. She will start a new job, but that won't be until after the holidays. This mom is a go-getter and a fighter!

JPII Life Center helped this frightened mom choose life for her baby. **Thanks to you, we were able to help her avoid eviction, get her utilities turned on and helped with resources through the holidays** when she can begin her new job!"

*-Gloria Lizcano-Bedford,
Client Advocate*
